4Media Mac DVD Toolkit delivers all essential tools for DVD movie fans. The super Mac DVD package includes DVD Ripper for Mac, Video Converter for Mac, DVD Copy for Mac and DVD Creator for Mac. The Mac DVD toolkit enables Mac users to rip and convert DVD to almost all videos and audios, create and burn DVD from videos, copy DVD from one disc to another, convert video to video and audio, and extract audio from video.

Besides converting videos and ripping/burning/creating/copying DVD, the Mac DVD toolkit brings you with the features of splitting file, trimming title or chapter, editing DVD menu, previewing DVD movie or video, selecting subtitle and audio, and so on.

With just a few clicks, 4Media Mac DVD Toolkit will make your digital life more colorful and rich. Get started to enjoy your favorite DVD movies on the go.

Until 2/22/2010 only \$119.00 [Buy now](#)

Key Features

Compatible with Most Multimedia Devices

4Media Mac DVD Toolkit is compatible with most multimedia devices such as the iPod, iPhone, Apple TV, PSP, PS3, BlackBerry, Zune, Archos, iRiver, Creative Zen, etc.

Supports Most DVD formats

The Mac DVD software pack can copy DVD-5 to DVD-5, DVD-9 to DVD-9, and DVD-9 to DVD-5 with the Mac DVD copy software and burning videos to DVD-R, DVD-RW, DVD+R, DVD+RW, DVD+R DL, DVD-RAM with the Mac DVD creator.

Practical Settings for Ripping, Converting and Burning

Split and trim DVD movies and videos, create and edit the DVD menu, select subtitles, copy DVD as a whole disc or just the main movie, and edit ID3 tag of MP3/WMA format, etc.

Add Multiple Profiles to One File

Simultaneously output several files from one source file, just select the format types for the conversion at one time.

Video and Audio Parameter Settings

Provide beginners and professionals with basic and advanced parameters settings such as bit rate, frame rate, sample rate, zoom, channels, video and audio codec, etc.

Preview and Snapshot

Before ripping, converting, copying and burning, you can preview the DVD movie and video,

and take snapshot of the video.

High Ripping, Converting and Burning Speeds

Support batch conversion and multi-threading to make the ripping, converting, copying and burning process much faster.

Key Functions
