Movkit DVD to PSP Ripper is an excellent DVD to PSP Converter for the users to convert DVD to PSP movie easily. It can convert DVD disk, VOB, IFO and so on to PSP MP4 Video (including the latest 480x272 and 720x480 HAVC) and PSP Music formats with high quality.

The software provides the functions, such as language choice of subtitles and audio track, multi-angle DVD and so on. There are also many advanced functions, like the visual adjustment of brightness, contrast, subtitle position, and volume; explicit picture cropping and various flexible modes of split. All the settings will be reflected in the picture preview directly.

In addition to the very beautiful and explicit interface, there are several settings, which the software offers in advance that allow you to minimize the routine and do the task that may require a couple of hours in just a few minutes

Main Functions

DVD to PSP Movie Converter

Convert DVD disk, VOB, IFO to PSP MP4 Video (containing the full-screen 480x272 and 720x480(HAVC) formats) with high speed and quality.
